PRICE 10 CENTS.

M'NAMARAS TO TESTIFY FOR THE GOVERNMENT

Federal Grand Jury to Hear
Details of Crime--Dynamit-
ers Spend Gloomy Day.

LOS ANGELES, Dec. 7.—Subpoenas for the McNamara brothers to appear before the federal grand jury had not been issued up to noon yesterday, and Oscar Lawler, in charge of the government's investigation into the alleged dynamiting conspiracy, was debating with his assistants about the best way to secure the desired information from the two prisoners.

There is some question, it is said, as to the competency of testimony of a confessed murderer such as James B. McNamara, and some inclination as to the best way to bring to the attention of the grand jury facts in the possession of John J. McNamara. Mr. Lawler and Edward A. Regan, assistant United States district attorney here, wrestled with legal phases of the matter yesterday and as the grand jury does not convene until tomorrow it is expected that no decision would be reached before then.

The brothers spent a gloomy day in their cells looking out upon the

bleak, rainy streets. Sheriff Hamme! has orders not to move the prisoners until he hears from Mr. Lawler.

Interest today centered not only upon the grand jury proceedings that are to come but upon expected revelations in the Franklin bribery case which will be continued next Monday. These two things constitute the angles of the big case still remaining.

The disposition of Orlie E. McManigal has not yet been determined upon, but it is a foregone conclusion that he will testify before the federal grand jury before he is brought to trial by the state and in his case at least the question of competency will be averted. Malcolm McLaren, the local representative of the detective agency which arrested the McNamaras and McManigal, conferred at length with Mr. Lawler about the details of McManigal's confession which was the first big factor in the case against the McNamaras.

GOOD PICTURES AT THE BUTLER

SATURDAY THE MANAGEMENT
WILL EXHIBIT THE "BASE-
BALL SERIES."

The following program will be shown at the Butler theater tonight: "The Battle," Biograph's greatest war drama, with a love story beautifully interwoven. "The Greatest of Engineering Schemes," or the source of New York's water supply. This is one of the most interesting as well as the most educational pictures ever shown here.

"The Charming Mamma," Edison. She is a winner; captivates everyone, and her two daughters capture husbands who are anxious to have a charming mamma for their mother-in-law. The head of the family can help all by making herself agreeable. This is a grand thing to know and you should learn all by seeing it tonight. Husbands should take their wives, and wives their husbands, girls and boys their sweethearts, and then tell their sisters, their cousins and their aunts about it. It will do all good and incidentally they will have an enjoyable time and see a first class show, and a great Vitaphone comedy, entitled "Who's Who."

"The Baseball Series" and the feature subject, "Auld Lang Syne," in two reels will be shown Saturday afternoon and evening.

F. L. EUBANK'S RECOVERY IS NOW ALMOST CERTAIN

A marked improvement developed yesterday in the condition of F. L. Eubanks, who yesterday morning fell 40 feet in the main shaft of the Florence mine. His parents were informed that he had talked rationally, had recognized friends and had drank a glass of milk without aid.

The greatest injury was sustained about his head. His limbs escaped injury, and the greatest hurt seems to have been from the shock, although his skull was fractured.—Goldfield Tribune.

REYES STILL ILL.

SAN ANTONIO, Tex., Dec. 7.—Reports that General Bernardo Reyes, accused of violation of the neutrality laws, and in whose name several insurrections are in progress in Mexico, has left San Antonio, are denied. At his residence it is declared he is still confined to his room by illness. Other reports assert he has returned to Mexico by a secret route.

ELECTION CONFIRMED.

SANTO DOMINGO, Dec. 7.—The senate yesterday confirmed the election of Senator Eladio Victoria as provisional president of the republic.

LARGE METEOR SEEN SATURDAY

Last Saturday night at 6 o'clock a meteor, about the size of the moon—to the eye—passed through the sky, its course being due north.

J. M. Fox, superintendent of the Hot Creek Development company, says at Rattlesnake, where the mines of the company are situated, the meteoric display was very bright and illuminated the heavens for several seconds, and inside of three minutes an explosion, or sound resembling one, was heard. It is thought the meteor fell somewhere in the neighborhood of Millets, 30 miles due north of Hot Creek. As the meteor passed north it was seen by many Tonopah residents.

A CARLOAD OF FEDERAL PRISONERS

MARSHAL HUMPHRIES AND DEPUTIES
WILL TAKE PRISONERS
TO McNEIL'S ISLAND.

RENO, Nev., Dec. 7.—United States Marshal Humphries and deputies will leave this city today for McNeil's Island with thirty-two United States prisoners, all sentenced to serve terms in the federal prison for selling whisky to Indians. There are now other men in the county jail awaiting a hearing before the United States grand jury, but this consignment of prisoners to the federal prison will greatly reduce the number of prisoners in the county jail and will also reduce the revenue of the county to a considerable extent.

The prisoners to be taken to McNeil Island are: Blair, McCord, Lyon, McGovern, Zanettie, George, Dalton, Erragon, Murphy, Gonzales, Mullar, Rensinger, Barraza, Reddy, Ah Fong, Scott, Davis, Ah Toy, Brown, Wilson, Donahue, Oliver, MacCook, Carrol, Winn, Wilcox, Smith, Waltz and Johnson.

COULON IS MATCHED.

CHICAGO, Dec. 7.—John Coulon, bantamweight champion, yesterday closed an agreement for a match with Pat Branigan, the eastern boxer at Johnstown, Pa., on December 18. They will fight ten rounds at 115 pounds at 6 o'clock.

DEFEAT COMMISSION FORM.

VANCOUVER, Wash., Dec. 7.—The commission form of government was defeated here yesterday by a vote of more than 2 to 1. The defeat is due, it is said, to disapproval rather than the principle of the commission form of government.

VERY LITTLE LEFT OF M'NAMARA DEFENSE FUND

WASHINGTON, Dec. 7.—The McNamara ways and means committee of the American Federation of Labor met yesterday in the office of President Gompers. All phases of the case will be considered. Secretary Morrison said he thought there was but little left of the \$190,000 defense fund. Attorney C. S. Darrow was paid a fee of \$50,000, also regular daily charges, and other expenses were heavy.

MEXICANS AGAIN ARE REBELLIOUS

EXCITEMENT REIGNS OVER THE
LYNCHING OF GOMEZ—MA-
DERO DENOUNCED.

MEXICO CITY, Dec. 7.—Great excitement reigns at San Geronimo and Oaxaca in connection with the killing of Jose Gomez, leader of the Juichitn rebellion, who was lynched yesterday at Rincon Antonio with eight of his partisans. Many of his former followers are flocking to these cities, protesting their loyalty.

Last night crowds paraded the streets shouting against President Madero. There is much excitement and indignation because of the alleged "suspension of guarantees" in time of peace.

Special news dispatches from Merida appear to confirm the shooting without process at Helacho, Yucatan, of 13 rebels captured by state soldiers from Campeche, who had crossed into Yucatan to put down an uprising.

The war department has received a report that 80 well-armed robbers have been captured at Gomez, near San Geronimo. Uprisings are also reported at Hoctun and in the district of Tekax, southeast of Merida.

WILSON SEEKING A PENSION

GOVERNMENT OF NEW JERSEY
APPLIES TO CARNEGIE FOUND-
ATION FOR ALLOWANCE.

BALTIMORE, Dec. 7.—Governor Woodrow Wilson, in a signed statement issued here last night, regarding a story printed yesterday that he had applied to the Carnegie foundation for a pension, admitted that he had made such application before his election as governor of New Jersey.

The governor justified his action on the ground of long service as a teacher; that he had no private means to depend upon, and that "a man who rose into politics bound by the principles of honor, put his family and all who may be dependent upon him for support at the mercy of any incalculable turn of the wheel of fortune."

He said he could not understand why the matter should come up now, as the foundation had not granted the allowance.

PER CAPITA WEALTH.

WASHINGTON, Dec. 7.—The per capita circulation of money in the United States is \$34.54, according to a statement issued by the treasury department. Besides their calculation on the census of 1910, they estimate that there were \$4,679,000 souls in the United States on December 1. The last census showed that the population in April, 1910, was 91,972,266.

PHILLIP BUSICK KILLED AT BOTTLING WORKS EXPLOSION

FRESNO, Cal., Dec. 7.—An explosion totally demolished two gas carbonating tanks at the Jacob Richter Bottling works, instantly killing Phillip Busick of Los Angeles.

CONGRESSMAN MUST STAND TRIAL

GOLCONDA CATTLE COMPANY
IS INDICTED BY THE
GOVERNMENT.

CARSON CITY, Dec. 7.—The arraignment of the Golconda Cattle company, charged with illegal fencing of government land, amounting to 30,000 acres in Humboldt and Elko counties of this state, occurred in the federal court in this city yesterday afternoon, and the attorneys for the company entered a plea of not guilty to the criminal charge. Then on motion of United States District Attorney Sam Platt, the case was set for trial for January 8, 1911. The two civil suits brought by the government against the Golconda Cattle company will be called up later. One is for the abatement of the enclosure surrounding the land and the other for damages amounting to \$15,000.

The Golconda Cattle company is represented by Attorneys William Demman of San Francisco, U'Ren of Washington, D. C., and Chas. Lewers of Reno. The government is represented by Sam Platt, the United States attorney for the district of Nevada.

It is alleged by the government that the Golconda Cattle company, of which Congressman William H. Kent of California is president, has illegally enclosed over 30,000 acres of government land in Humboldt and Elko counties, by purchasing the land surrounding the land in question and then fencing this, thus gaining possession of the 30,000 acres without actually fencing it in. In one civil suit the government asks the court to order the company to remove the fences and in the other suit the government asks that the company pay the government \$15,000 damages due the government as the result of the fencing of this land.

The case is one of considerable importance and involves some very wealthy men. If the government wins these suits and convicts the company under the indictment it will result in the company being fined and in the throwing open of much land now controlled by this company.

BURNED AT THE STAKE BY MOB

MEMPHIS, Tenn., Dec. 7.—Two negroes and one negro were burned to death by a mob of white land tenants who objected to the occupancy of land by negroes, near the city of Savannah, Tenn., according to merger reports received here. The lynching is said to have occurred 10 miles from Clifton, Tenn.

The three negroes were traveling to a gin mill with a load of seed cotton. They were waylaid and tied to the wagon load of cotton, it is said, and the mob, after building a fire beneath the wagon, stood guard until the negroes were cremated.

FORMER MINISTER ARRESTED.

OPORTO, Portugal, Dec. 7.—Castello Branco, formerly minister to China, while the monarchy was still in existence, was arrested here yesterday on a charge of conspiracy against the republic while he was on a visit to Brazil.

REGENT ABDICATES.

PEKIN, Dec. 7.—Prince Chun, the regent and father of the child emperor, abdicated yesterday. His place as guardian of the throne is taken jointly by Shih-Hsu, a Manchou prince and former president of the national assembly, and Hsu Chang, vice-president of the privy council.

NOTICE.

Notice is hereby given that I, the undersigned owner of an undivided half interest in the Lulu mining claims, 1 to 10 inclusive, known as "The Tonopah East End Development Co.," will not be responsible for any indebtedness incurred or contracted on the foregoing claims.

ERNES & BOYENS,
Tonopah, Nevada.

\$1,400,000 IS PITTSBURG SILVER PEAK DIVIDEND

Frank Knox, president of the National Bank of the Republic of Salt Lake, is authority for the statement that another dividend payer is to be enrolled among those that have been dividing profits from their operations in Southern Nevada for the last eight years. The newcomer is the oldest of all in point of years. It is the Pittsburg Silver Peak Mining company of Blair. This is the sequel to the settlement of the litigation which had circumscribed the operations of the company. The statement of Mr. Knox, who is a director in the company, follows:

"At the Silver Peak mine I found everything to be in excellent condition. We have there the finest stamp mill in Nevada. The mill is treating over 500 tons of ore daily at a total cost of about \$2.64 a ton for mining and reduction, the lowest cost of any mill in that country.

"The physical condition of the

ALEXANDER 31,000 VOTES TO THE GOOD

DEFEAT PROHIBITION AMEND-
MENT BY AN OVERWHELM-
ING MAJORITY.

LOS ANGELES, Dec. 6.—The total vote of 270 out of the 317 precincts that participated in the election Tuesday showed: Mayor Geo. Alexander, good government candidate, received 68,366 votes, and Job Harriman, socialist, 37,300. Alexander's majority is 31,000 at this time.

The 47 missing precincts were expected to swell Alexander's lead to more than 37,000.

The prohibition amendment was beaten apparently by an even greater majority.

The good government and citizens' committee forces made a clean sweep for their ticket. At one time it seemed that Frank Wolfe, formerly editor of the Morning Herald, and socialist candidate for the council, might pull through, but later returns crushed his hopes.

Job Harriman, the defeated socialist candidate for mayor, issued a statement yesterday, in which he claimed that the showing of the socialists was in reality a tremendous victory.

"Our campaign starts again tomorrow," he declared. "We will take the legislature next year."

As the count progressed today estimates were made by election officials that the women cast nearly 75,000 votes, or more than half the total vote. The effect of this was shown by statements of former prominent opponents of suffrage that they had been converted.

LAND-RACE WAR CAUSES DEATH OF THREE NEGROES

MEMPHIS, Tenn., Dec. 7.—Two negroes and one young negro were burned to death near Clifton, Tenn., by a mob of white land tenants, who objected to the negroes occupying the lands.

FOUR KILLED, SCORE INJURED IN PENNSYLVANIA WRECK

PITTSBURG, Dec. 7.—Four men were killed and a score injured yesterday in a wreck of two freight trains and an express train on Pennsylvania railroad at Devil's Bend, near Manor, Pa.

JEWISH PASSPORTS.

SACRAMENTO, Cal., Dec. 7.—Wolfe's resolution urging the national government to demand recognition by Russia of the passports of Jewish-American citizens passed the assembly with but one dissenting vote. It passed the senate last week.

COMMISSION FORM REJECTED.

OLYMPIA, Wash., Dec. 7.—Olympia yesterday rejected the commission form of government by a majority of 68 votes. A complete republican city ticket was elected. Two women were among the defeated socialist candidates.

mine is in splendid shape. Large bodies of ore have been developed. We have six miles of underground workings and bodies of ore are coming up bigger all the time.

"The property is now making on an average of from \$40,000 to \$50,000 a month net. Our gross returns from bullion for the first 10 months of the year were \$747,000. We are now working about 200 men in the mine and mill.

"By means of a long tunnel and a surface railway, we have connected the Silver Peak mine with the Valcaldia property, which was acquired some time ago. The ore is handled automatically. From a time before the ore goes into the crusher until it come out as amalgam automatic appliances do the work.

"We expect to commence paying dividends in the near future. At the present time the company has a surplus of about \$1,400,000."

RESPONSIBLE FOR OTHER CRIMES

DETECTIVE BURNS CLAIMS THEY
ARE GUILTY OF NUMBER OF
OUTRAGES IN THE EAST.

PHILADELPHIA, Dec. 7.—The McNamara brothers were responsible for explosions here which damaged structural iron works of several building operations, according to William J. Burns, the detective, who yesterday arrived in Philadelphia from Cleveland.

"Yes," said the detective, "I am positive that both of them were responsible for the explosions here on structural iron works during the last few years and others are implicated."

Mr. Burns says the investigation involved the explosion which occurred about a year ago in the case of Harry Edward, fight promoter, which was being reconstructed, and another that damaged the iron being placed in position for the Philadelphia Rapid Transit company's elevated road on Delaware avenue and on Market street. This week was being done by the American Bridge company.

In these explosions no person was killed or injured. Following the explosions, sticks of dynamite were found in an alley near the building of the Pittsburg Plate Glass company in the center of the city.

Burns said he has knowledge that one of the McNamaras was registered at a central hotel the day the explosion in Edwards' place occurred.

He also said Orlie McManigal told him he came here under instructions to blow up a railroad bridge, but when he found the structure was near several tenement houses he feared there would be loss of life.

Asked if further arrests would be made in what the prosecution at Los Angeles alleges to have been a big conspiracy case, Mr. Burns replied in the affirmative, but he would not mention names.

"Will the arrests include any past or present member of the structural iron workers' union?"

"I do not care to say, but I will say this—the national board of the association appropriated certain sums to John J. McNamara and in my opinion they knew the money was to be used for dynamiting purposes."

WORKMEN BURIED IN RUINS OF BUILDING

INDIANAPOLIS, Ind., Dec. 7.—Three workmen were killed in the collapse of a concrete building here yesterday and it is feared 15 or 20 others are dead in the ruins. The debris is burning.

EXPLOSION OF DYNAMITE KILLS THREE WORKMEN

SAN DIEGO, Dec. 7.—A premature explosion of dynamite at the stone quarry near Sweetwater dam, killed Frank Robichaud, foreman, and two Mexican laborers.

COUPLEVILLE, Wash., Dec. 7.—The socialist candidates, champions of the cow, were defeated in yesterday's election, the citizens' ticket, which stood for forbidding roadside grazing, winning 2 to 1.
